

A.Arul

Front-End Developer | MERN Stack Enthusiast | Building Scalable Web Apps

Objective

Passionate **Frontend Developer** with 1 year of experience creating responsive and dynamic web applications using **React.js**, **JavaScript**, **HTML**, and **CSS**. Skilled in crafting reusable UI components, integrating APIs, and optimizing user experience.

Experience

FrontEnd Developer

TeleCMI - Villupuram | Sep 2024 - Present

- **Website Development (HTML, Bootstrap, Vue.js)**
Designed and maintained the official TeleCMI website using **HTML**, **Vue.js**, **Bootstrap**, and **Express.js**, delivering a responsive user interface with optimized performance across all devices and browser
- **Blog CMS (React.js, MongoDB, Express.js)**
Built a custom content management system (CMS) using React for dynamic blog publishing. Integrated REST APIs and MongoDB to enable non-technical teams to manage content without dev support.
- **Blog Platform (HTML, Tailwind CSS, Vue.js, SSR)**
Developed a fast, SEO-friendly blog platform using server-side rendering (SSR) in Vue.js, which reduced page load times and enhanced search engine visibility

Projects

- **Quick-Chat** - [🔗Live](#) | [Github](#)
Developed a **real-time chat app** using **MERN + Socket.IO**, supporting instant text and image messaging with secure authentication and cloud-based image storage.
- **Flipkart clone**(React Js(Vite), Tailwind CSS, Supabase) - [🔗Live](#) | [github](#)
Developed a feature-rich e-commerce clone with user authentication (login/logout via Supabase), product listings, and add-to-cart functionality using Redux for state management.

Education

BCA(Bachelor's of Computer Application - (2017 - 2020)

Aringar Anna Govt College - Villupuram | CGPA - 7.6

Other Experiences

Financial Processor

Deccan I Services Pvt Ltd- Villupuram | Mar 2021 - Aug 2024

- Over 3 years of experience in US healthcare BPO, focused on insurance eligibility verification. Handled insurance portal logins and called providers to get patient coverage information.
